

C20222099 - East Education Center Art Spaces Renovation

Pre-RFQ Questions

- 1) Q - Is this project a renovation and expansion of existing space at Eastern Campus or only a renovation of an already existing footprint?
A- This project will be contained within the existing footprint / area of the East Education Center.

- 2) Q - If the latter, do you expect the project to remain occupied and be phased when construction begins?
A – There is potential for traditional phasing although this is not the preferred approach as this will add cost and duration to the project.

- 3) Q - Is FF&E to support these programs (kilns, printmaking presses, word working equipment, CNC, etc.) included in the construction budget?
A- Yes FF&E is included in the Construction Budget.
