

# Cuyahoga Community College invites you to support Cleveland's hospitality industry — when they need you most!

The COVID-19 pandemic is a real threat to life, and to Cleveland's hospitality industry, which has given so much to Tri-C® students in the way of hands-on internship experience and employment. That's why we're asking you to support them during this difficult time by ordering takeout from restaurants that are still open during this pandemic.

Restaurants are run by professionals, highly trained and disciplined in food safety and sanitation — so you can trust them to have the highest level of safety measures in place.

**Show them you care! Order yours today from those restaurants keeping their kitchens open and staff employed.**

**Tri-C would like to thank our  
Culinary Council chefs, past and present,  
who have provided support to the  
Cuyahoga Community College  
Hospitality Management program:**
