

Migrations Options: eTenure Portfolio

Quick Summary

This document will discuss the various options that faculty may use to migrate their eTenure content from Blackboard to Brightspace.

Requesting an eTenure site for Brightspace

The following steps show how to request an eTenure site for Brightspace. All tenure track faculty must create an eTenure site in Brightspace.

Navigate to the Tenure and Promotion page on the Tri-C website

The form that faculty will use to request their eTenure site is housed on the Tri-C website. Follow the following link to navigate to the Tenure and Promotion page.

[Tenure and Promotion page](#)

Fill out Microsoft Form

Fill out the Microsoft Form to create your page. **Faculty will receive an email notifying them when their site is ready.**

Migration Options

There are various options for building your eTenure Portfolio.

- Build from scratch
- Export/import from Blackboard

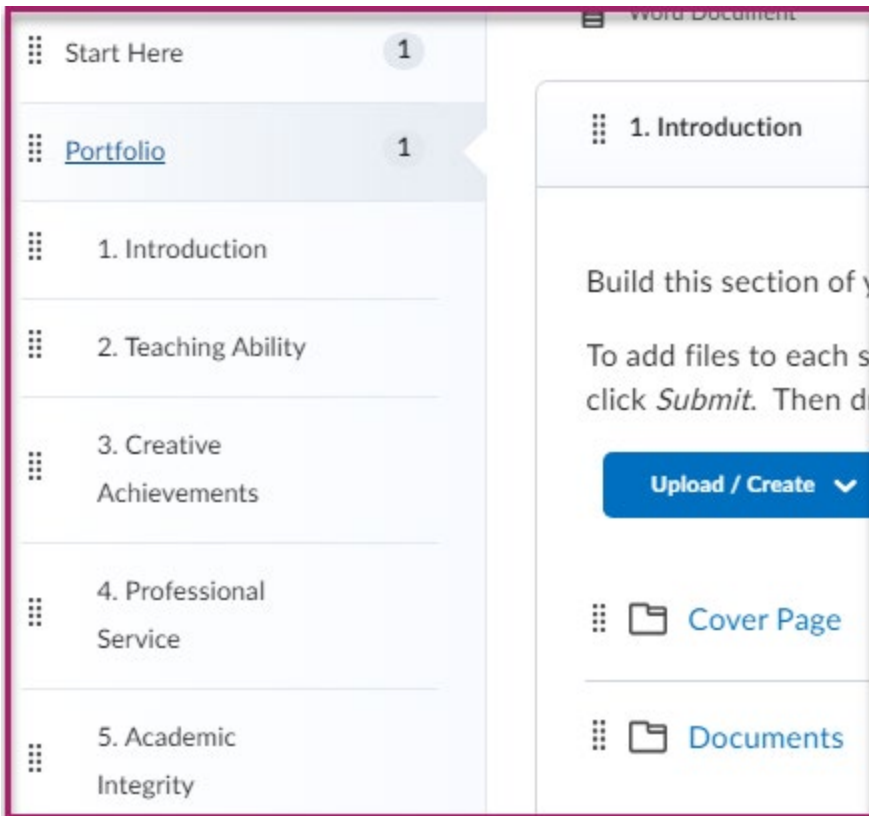

Option 1: Build from scratch

This option requires no migration. Faculty who choose this option must request their eTenure Portfolio, after receiving their email notification they can start to build their portfolio.

Navigate to a section of the eTenure Portfolio to add content

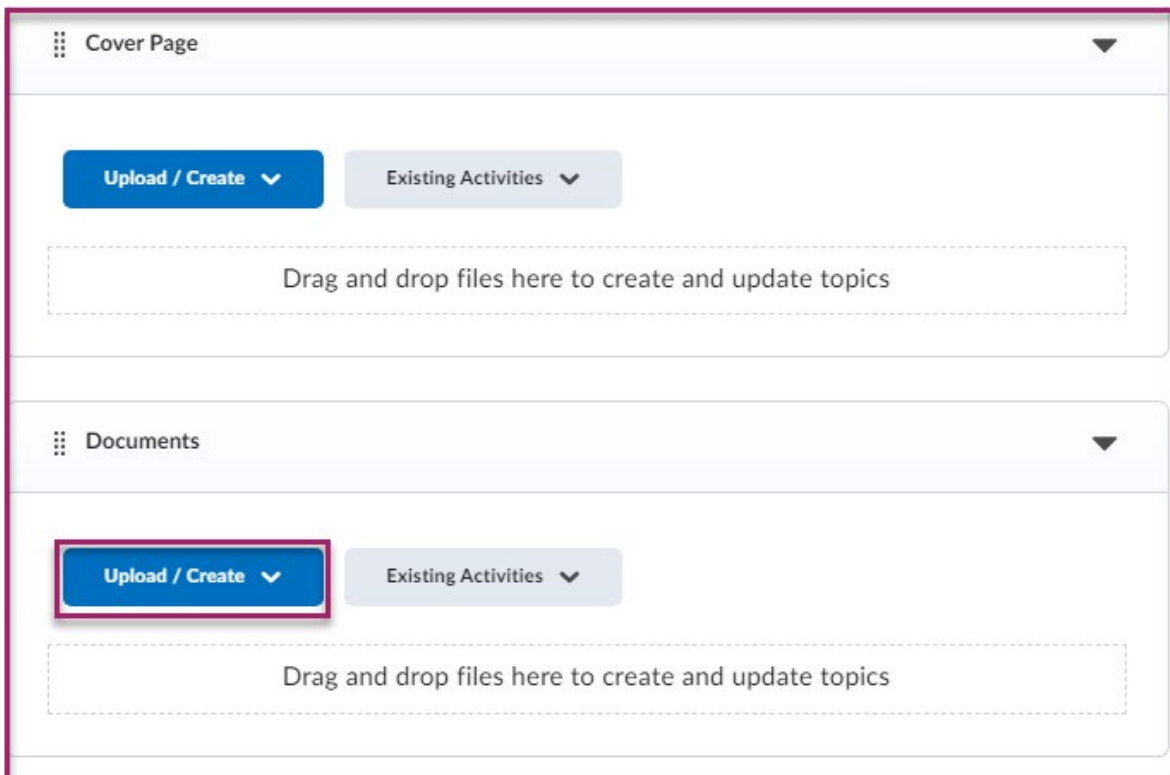

Select one of the portfolio sections to add content.

Upload Content

Select "Upload/Create" to add the needed content

Option 2: Export/Import from Blackboard

Faculty who already have content in a Blackboard eTenure site can export it and then import it into Brightspace. It is recommended that faculty who choose this option create a Sandbox in Brightspace to import their content to then move into their eTenure Portfolio.

Steps for Exporting from Blackboard

Step 1. Open your eTenure Portfolio in Blackboard

Step 2. In the Control Panel, select Packages and Utilities.

Step 3. Select Export/Archive Course.

Step 4. Select Export Package.

Step 5. Select the second option for both File Attachments selections

FILE ATTACHMENTS

Choose between copying only the links to files or the links and new copies of every file attached within the course. Click C

Course Files Default Directory

Copy only links to course default directory files

Copy links and include copies of the files in the course default directory

Files Outside of the Course Default Directory

Copy only links to files stored outside of the course default directory

Copy links and include copies of the files outside of the course default directory

Package Size

Calculate Size Manage Package Contents

Step 6. Choose Select All & Submit

SELECT COURSE MATERIALS

Select materials to include in the export package. For a package to serve as an exact record, including user records, use archive instead of export.

Select All Unselect All

Content Areas

Announcements

Click Submit to proceed.

Cancel Submit

Step 7. Navigate back to Packages and Utilities and download the Export file by clicking on the file.

PACKAGES CREATED MANUALLY

The packages will be available for 30 days before they are automatically deleted.

| FILE NAME | DATE CREATED | AVAILABLE UNTIL |
|--|-----------------|-----------------|
| ExportFile_SBX_500892074_UBNTEST_98431_20240402103841.z... | 4/2/24 10:38 AM | 5/2/24 |

Steps for Importing into Brightspace

Step 1: Navigate to Brightspace

Step 2: Create a new Sandbox and title it eTenure Sandbox.

Step 3: Navigate to “Content” on the Navbar.

Step 4: Select Table of Contents

Step 5: Select Import Course and choose Import Course Package

Step 6: Select Upload on the pop-up window and locate your Blackboard Course Package and choose open.

Step 7: Select Import All Components.

Step 8: Navigate back to Content and check to make sure all of your content has migrated.

After Migration

For faculty who choose to have migrate their content using either options 2 or 3 their next step will be to move content from their Brightspace Sandbox to the eTenure Portfolio.

Select the following link for steps on how to move content from a Brightspace site to another Brightspace site.
