To add a Mediasite video to a Module:

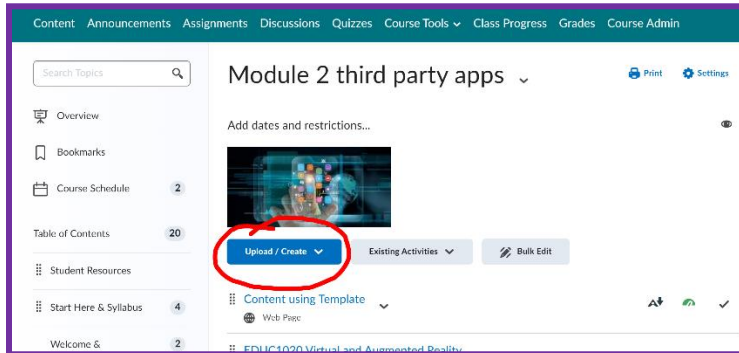

In My Mediasite

Once a Mediasite presentation is created in My Mediasite shift the bar to My Organization at Who can View.

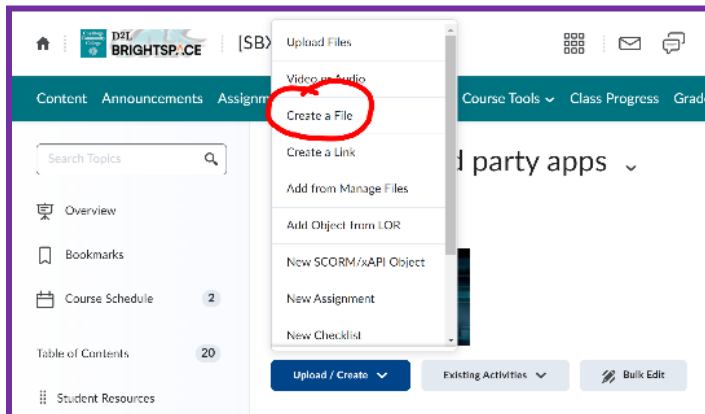

In D2L Brightspace

1. Go to the course and select the Content area where the Mediasite presentation will be viewed by students.
2. Select Upload / Create.

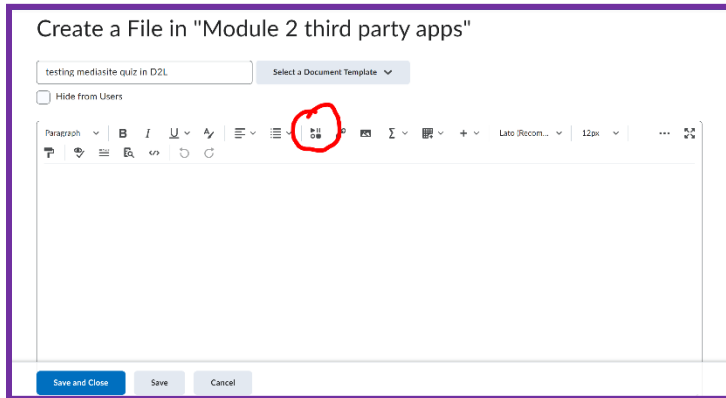

3. Select Create a File.
 - Warning: Do not select any assignment or quiz options.

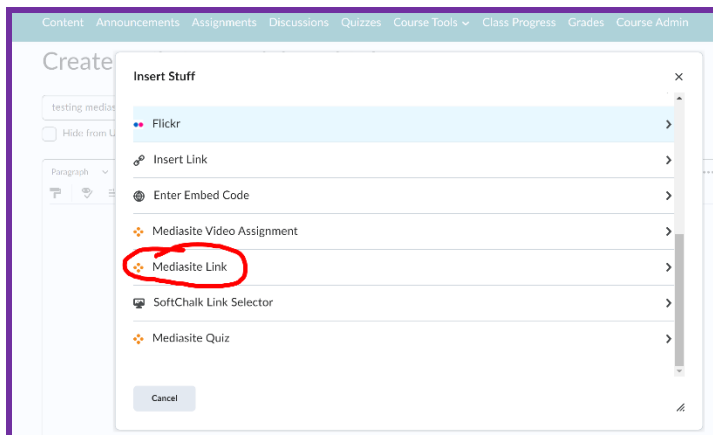

4. Enter a title for the link.

5. Select the Insert Stuff icon in the HTML box.

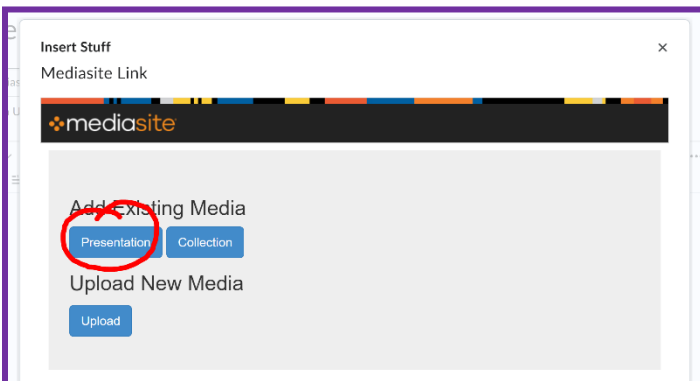

6. Scroll down and select Mediasite link.

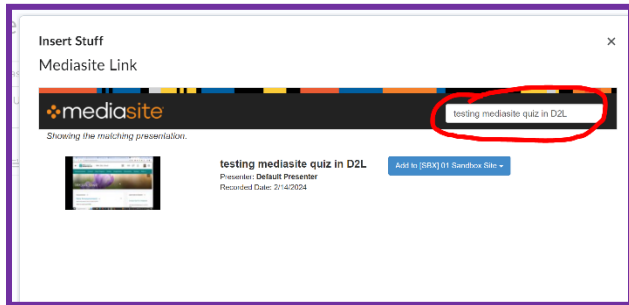

- Warning: Do not select any other Mediasite options.

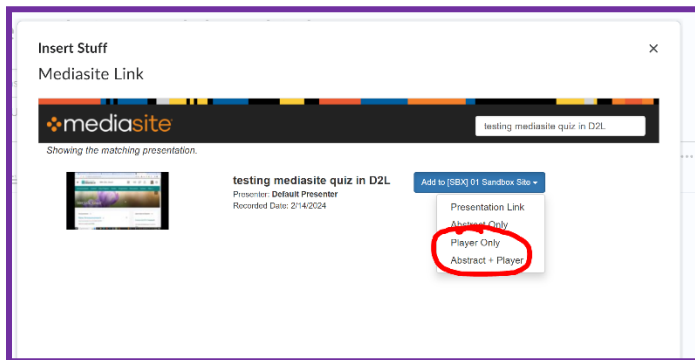

7. Select Presentation

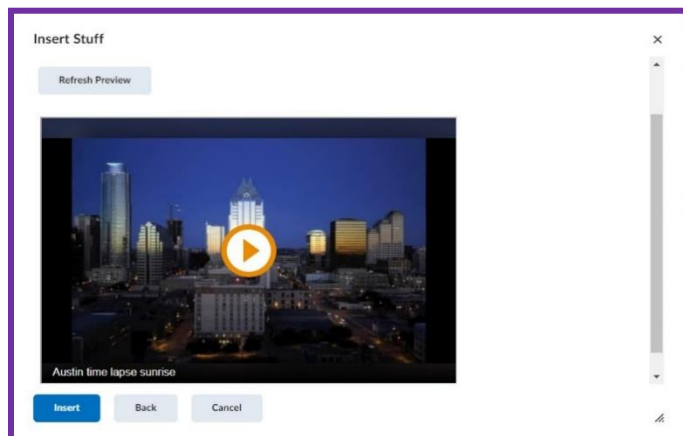

8. Search for the Video by adding the name or partial name in the search box

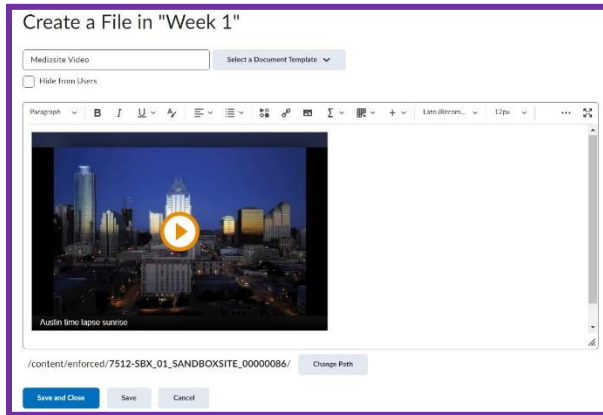

9. At the dropdown option select Player only or Abstract + Player.

10. Select Insert

11. Select Save and Close.

The Mediasite Presentation will now appear in the content area for students.

Student view

The student will click on the title and then view the Mediasite presentation.
