Teaching in Brightspace:

If you are teaching a course(s) in D2L's Brightspace this Fall 2024 semester, a Blackboard course site is and will be created with the following announcement:

New Brightspace Learning Management System

Posted on: Monday, April 22, 2024 9:44:04 AM EDT

Hello students!

During the Summer 2024 and Fall 2024 terms, courses will be taught in either Blackboard or Brightspace, the new Learning Management System. If you do not see course content here in this Blackboard course site, you should [login to Brightspace](#).

On the Tri-C Brightspace Home Page, there will be a My Courses widget showing if you are enrolled in a course that is active in Brightspace.

If you are unsure about whether your course site is in Blackboard or Brightspace, please reach out to your instructor.

Thank you for your patience while we make this exciting transition to Brightspace!

You are welcome to edit this announcement in Blackboard to let students know that the course site will be taught in Brightspace. Additionally, to avoid student confusion about which LMS their course is in, please consider hiding all tabs except the Announcements tab:

To hide a tab in the left navigation bar, select the drop-down arrow to the right of the tab and then select Hide Link.
