\*Courses can be taken at Tri-C See [Youngstown State Transfer Guide](#) for course options. In order for courses taken at Tri-C after associate degree completion to be eligible for financial aid, a Financial Aid Consortium Form must be completed- please contact a YSU Financial Aid Office for details.

This Transfer Pathway represents one example of how to complete an associate and bachelor degree. Students should work closely with advisors at both institutions to discuss options. An RN to BSN advisor can also assist students with developing a graduation plan for full- or part-time study.

***Taking certain elective courses will allow the student to come in at junior status.***

Block credit will be awarded to students by YSU for LPN and RN licensure (10-49 credits). This program awards maximum credit for an associate degree from Cuyahoga Community College, streamlining completion of a bachelor's degree from **Youngstown State University**. In addition, if requested or needed, YSU will award 11 TAG credits for an unencumbered LPN license.

**All students must meet or complete:**

- all residency requirements 30 credits and 16 upper division for YSU, plus major and minor residency
- required clinicals
